

LegalEase: AI-Powered Legal Document Generator

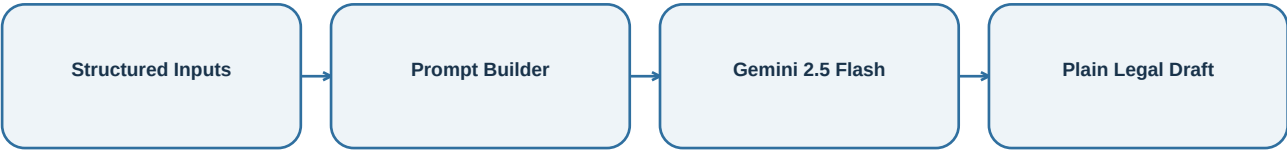

Model Selection & Architecture Design

Project Phase	5. Project Development
Team	Team 3
Date	02 October 2026
Prepared From	Supplied LegalEase repository + supplied project templates

Selected model

Item	Selection / evidence
Model	Gemini 2.5 Flash by default; configurable using GEMINI_MODEL.
Integration	google-generativeai SDK; genai.GenerativeModel.
Reason	Text generation capability fits the drafting workflow while keeping the architecture lightweight.
Context	Document type, parties, terms and dates are assembled into one prompt.
Document-specific guidance	NDA, employment contract and lease prompts receive additional guidance.
Retries	Up to three attempts with increasing delay.

Model interaction

Source basis: Implemented claims are based on the supplied LegalEase repository. Items without repository evidence are explicitly marked pending, future, or not implemented.
